Meet the bee

Established 2019

Hello ! I'm Adeline-Julie Bee

I am a watercolor artist, a teacher and a Belgian bee.

I speak french and english. I love to dream.

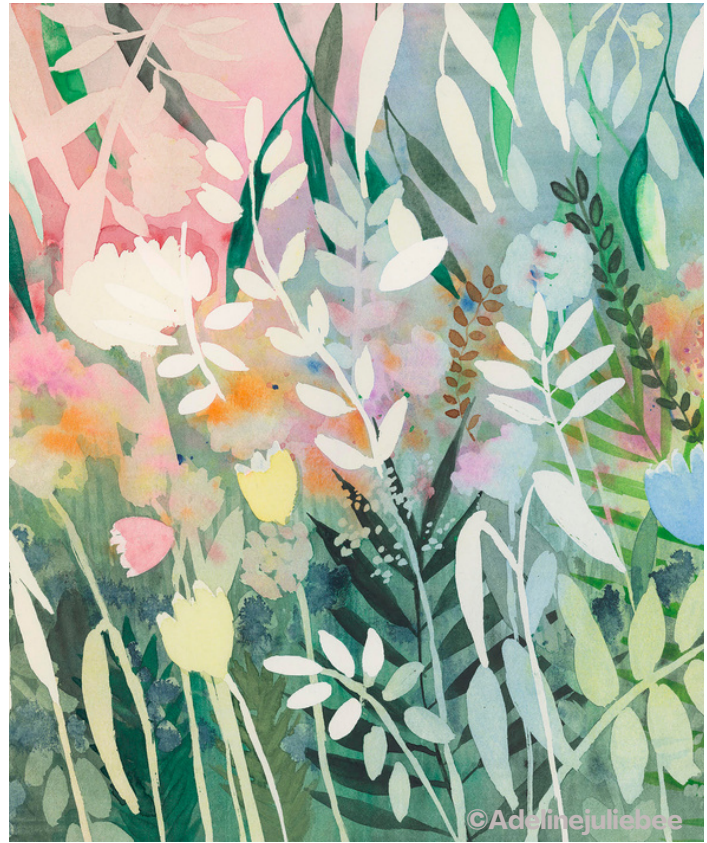

I mostly paint with homemade inks and natural pigments.

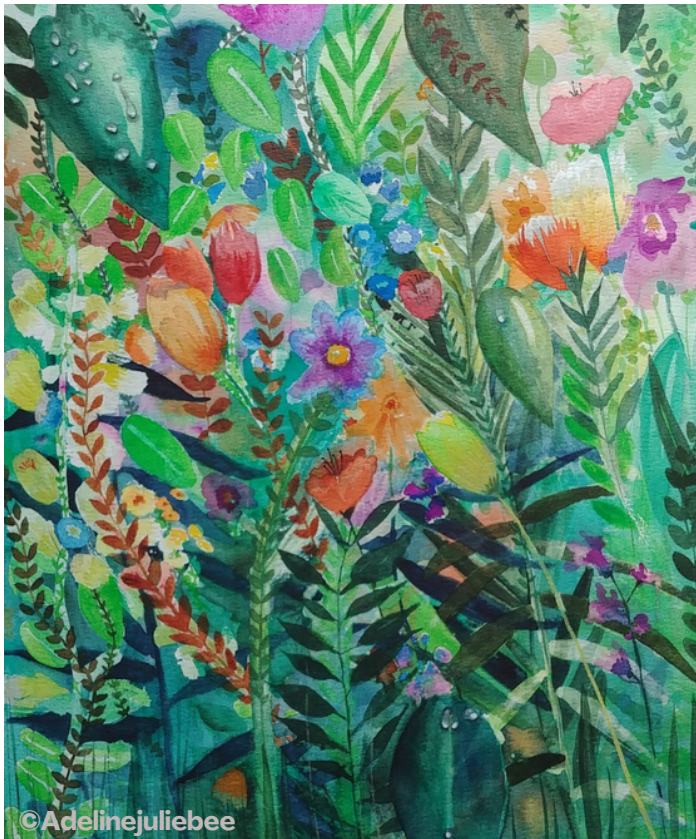

When I'm not creating in my studio...

I often find myself wandering in the nature, frolicking and getting
inspired by the beauty of it.

Many things fascinate me as long as I discover, learn and have fun.

THE "LIGHT" COLLECTION

I paint with natural pigments and do most of my inks and colors. Former textile designer, lover of pigments and natural colors, I find my inspiration while foraging through the bountiful valleys of the Belgian Ardennes collecting ingredients used to create my own inks & watercolors.

THE "LAND OF REVERIES" COLLECTION

THE "ABSTRACT" COLLECTION

I am most known for the sense of poetry in my paintings,
but foremost for my passion for sharing & teaching

Thank you for your time!
